### 1930-31 Passenger Radiator Shells

*Fits all 1930-31 Model A. Polished stainless steel radiator shells are good quality but do require some reworking and polishing for perfect finish. Radiator shells have holes for radiator cap, crank, headlight and horn wiring. Ford emblem and crank hole not included with shell, order separately. Stone Guards are chrome plated, and mount to radiator shell to help protect radiator from some road debris.*

### 1932 Grille Shells for 1930-31

*OK we'll let the secret out. The back of the 1930-31 radiator shell is the same shape as the back of the 1932 grille shell. This means that to use the 1932 grille shell on a 1930-31 only requires removing the dummy filler neck from the top of your street rod radiator and using our special front splash apron. The stock headlight bar will even clear the grille (just barely).*

### Grille Shell:

*Order grille and grille shell from 1932 section.*

### Front Splash Apron
